HOUSTON, TEXAS – October, 2012 – It was announced that Woman's Hospital of Texas has selected Enterprise Systems Corporation to provide a 200 handset expansion for its Avaya 6140 Avaya WLAN solution.

## ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and ShoreTel; Wired and Wireless Networking from Avaya, Enterasys, HP, Aruba, Dell and Ruckus; Security from Watchguard as well as cabling infrastructure.

## ABOUT WOMANS HOSPITAL OF TEXAS

The Woman's Hospital of Texas opened in 1976 and ever since has remained the state's premier facility dedicated solely to the health of women and newborn infants. Located near the Texas Medical Center, Woman's offers 397 licensed beds, including a NICU (neonatal intensive care unit) and a full range of women's health services and newborn infants. More than 650 board-certified physicians at Woman's offer their expertise and an outstanding level of quality care in the areas of gynecology, obstetrical care, high-risk pregnancy and minimally invasive surgery. The Woman's Hospital of Texas in central Houston, The Woman's Hospital at Conroe and The Woman's Hospital at West Houston are affiliates of Hospital Corporation of America (HCA).
