ABOUT ACCELERATE LEARNING

Accelerate Learning, in conjunction with Rice University, has created the most widely used PreK-12 science curriculum in Texas, STEMscopesTM — and it's now available nationally. It's the teachers favorite science program and now serves more than 1.4M students. Accelerate Learning is focused on becoming the pre-eminent and most effective digital K-12 STEM resource used by teachers, students, and parents as measured by adoption and usage by schools, districts, and families.
