CHARLOTTE, NORTH CAROLINA – February, 2014 – It was announced that the City of Rock Hill has selected Enterprise Systems Corporation to perform a major upgrade of its Avaya Core Network. The new upgrade will consist of the Virtual Services Platform (VSP) 7000 series core switching as well as VSP 4850 series switch. The upgrade is part of a strategy to implement Shortest Path Bridging (SPB) and will allow a significant monetary and time savings to the City when deploying and maintaining new applications on the network.

## ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and ShoreTel; Wired and Wireless Networking from Avaya, Enterasys, HP, Aruba, Dell and Ruckus; Security from Watchguard as well as cabling infrastructure.

## ABOUT CITY OF ROCK HILL

Rock Hill, South Carolina is a business-savvy blend of historic charm and responsibly implemented expansion. The city is located in the north-central area of South Carolina approximately 20 miles south of Charlotte, NC along the I-77 corridor. Rock Hill is a growing community of 67,000 residents, and the City encompasses over 36 square miles. Rock Hill is the largest city in York County, SC and the only major South Carolina city in the Charlotte area.
