ABOUT ST. JAMES PARISH HOSPITAL

St. James Parish Hospital began serving the St. James Parish (Louisiana) community in 1955 and has continued to support the River Parishes for over 50 years through its mission to provide quality, excellent and compassionate healthcare to the community. From its 24-hour emergency room to the state-of-the-art surgical suites and cutting-edge laboratory and radiology departments, the hospital delivers emergency and routine medical care by highly-trained physicians, nurses and allied health professionals using the latest technology. Throughout its history SJPH has remained focused on bringing more services home to the community.
