CHARLOTTE, NORTH CAROLINA – December, 2015 – It was announced that the Catawba Valley Medical Center has selected Enterprise Systems Corporation to provide an expansion to its Spectralink Wireless Handset Solution. The expansion includes the Spectralink 8440 handsets. The 8440 handsets offer advanced functionality such as text alerts and instant messaging, fully-integrated push-to-talk functionality, on-board Web browser and standards-based developer environment. The handsets are also ruggedized with reinforced cage design, component shock mounting and rubberized over molding.

ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and Shoretel; Wired and Wireless Networking and SDN from Avaya, Hewlett Packard Enterprise and Aruba; Security from Watchguard and Alert Logic, data center class servers from Lenovo as well as cabling infrastructure.

ABOUT CATAWBA VALLEY MEDICAL CENTER

Since 1967, Catawba Valley Medical Center has built strong relationships with the people, businesses and communities throughout the Catawba Valley. As the region's largest not-for-profit community hospital, it is the CVMC mission to improve the health status of the Catawba Valley.

CVMC does this by providing high-quality health-care services, as well as by supporting organizations dedicated to improving the standard of living. CVMC exists to heal and comfort patients, to promote and foster a healthier Catawba Valley, and to assure access to health care to all who need it — not to create profits and return dividends to shareholders.
