CHARLOTTE, NORTH CAROLINA - July, 2012 - It was announced that the Catawba Valley Medical Center has selected Enterprise Systems Corporation to provide and deploy 350 IP 6120 WLAN handsets in its network.

## ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and Shoretel; Wired and Wireless Networking from Avaya, Enterasys, HP, Aruba, Dell and Ruckus; Security from Watchguard as well as cabling infrastructure.

## ABOUT CATAWBA VALLEY MEDICAL CENTER

Since 1967, Catawba Valley Medical Center has built strong relationships with the people, businesses and communities throughout the Catawba Valley. As the region's largest not-for-profit community hospital, it is the CVMC mission to improve the health status of the Catawba Valley.

CVMC does this by providing high-quality health-care services, as well as by supporting organizations dedicated to improving the standard of living. CVMC exists to heal and comfort patients, to promote and foster a healthier Catawba Valley, and to assure access to health care to all who need it — not to create profits and return dividends to shareholders.
