HOUSTON, TEXAS - July, 2012 - It was announced that the Richie's Specialty Pharmacy has selected Enterprise Systems Corporation to provide a specialized faxing solution for exclusive pharmaceutical use. The solution includes HP storage and servers and Rightfax application.

## ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and Shoretel; Wired and Wireless Networking from Avaya, Enterasys, HP, Aruba, Dell and Ruckus; Security from Watchguard as well as cabling infrastructure.

## ABOUT RICHIES PHARMACY

Richie's Specialty Pharmacy, LLC ("Richie's") opened its doors in December 1999 to the public serving both retail and compounding/specialty needs. Over the years, Richie's grew significantly as it relates to its compounding business in Texas. With this growth in compounding, Richie's management elected to pursue accreditation from the Pharmacy Compounding Accreditation Board (PCAB). Organizations who founded PCAB and who make up the PCAB Board of Directors include The American College of Apothecaries, National Community Pharmacists Association, American Pharmacists Association, National Alliance of State Pharmacy Associations, International Academy of Compounding Pharmacists, National Home Infusion Association, National Association of Boards of Pharmacy, and the United States Pharmacopeia. The creation of this board by such a diverse group was in response to the need that the pharmacy profession had to establish an enhanced, profession-wide system of standards by which each compounding pharmacy can tests its quality processes.
