HOUSTON, TEXAS – November, 2014 – It was announced that Enterprise Systems Corporation has received its Security License from the State of Texas. This authorizes Enterprise Systems to design, deploy and maintain Card Access, Camera Surveillance and traditional commercial security systems in the State of Texas. “This is a significant milestone. The State of Texas is one of the most stringent in the country to obtain a security license. Enterprise has been working toward this for quite some time, and consider this business unit to be strategic to our long term growth goals” said Rodney Hyde, President of Enterprise Systems.

## ABOUT ENTERPRISE SYSTEMS CORPORATION
