HOUSTON, TEXAS – May, 2014 – It was announced that Texas Orthopedic Hospital has selected Enterprise Systems Corporation to provide an Avaya Aura Communications solution for the campus. The solution will include a 1300 station Avaya Communications Manager, Aura Foundation Suite, 8800 series Processors, G450 Gateways, and One-X Attendant.

ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and ShoreTel; Wired and Wireless Networking from Avaya, Enterasys, HP, Aruba, Dell and Ruckus; Security from Watchguard as well as cabling infrastructure.

ABOUT TEXAS ORTHOPEDIC HOSPITAL

Texas Orthopedic Hospital was opened in 1995 and is partially- owned by physicians. We welcome you to a new era in orthopedic care – one in which our physicians are invested in your care. As one of the only specialty hospitals in the country focusing solely on orthopedics, Texas Orthopedic Hospital is pleased to offer all services conveniently located within one building: Diagnostic Imaging, Clinic Visits, In and Out-patient Surgery, Rehabilitation, Aquatic Therapy, Spinal Diagnostic and Treatment Center. Texas Orthopedic Hospital was developed to provide high-quality, cost-effective, specialized orthopedic care, in a streamlined environment focused on wellness, mobility and quick recovery.
