EL PASO, TEXAS – April, 2015 – It was announced that University of Texas El Paso (UTEP) has selected Enterprise Systems Corporation to provide Managed Services for its Avaya Communications Manager and Session Manager. The systems provide services to more than 4000 users.

ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and ShoreTel; Wired and Wireless Networking from Avaya, Extreme, Hewlett Packard Enterprise, Aruba, and Dell; Security from Watchguard and Palo Alto, servers from Lenovo, Dell and HP as well as cabling infrastructure.

ABOUT UNIVERSITY OF TEXAS EL PASO

Since opening its doors as the Texas State School of Mines and Metallurgy in 1914, UTEP's geographic location along the U.S.-Mexico border has enabled generations of students to pursue their goals through higher education in one of the largest binational communities in the world. Over the past century, the University's enrollment has grown from 27 mining students to more than 23,000 undergraduate and graduate students, and that number continues to increase each year.
