CHARLOTTE, NORTH CAROLINA – October, 2015 – It was announced that North Carolina Department of Transportation has selected Enterprise Systems Corporation to provide an expansion to its data networking infrastructure. The solution includes the Avaya 4800 and 5600 series Shortest Path Bridging (SPB) switching and associated uplinks.

ABOUT ENTERPRISE SYSTEMS CORPORATION

Enterprise Systems Corporation is a full service Technology Partner, providing consulting, deployment and managed services. Technology products and services include premise and cloud based Voice from Avaya, Mitel and Shoretel; Wired and Wireless Networking and SDN from Avaya, Hewlett Packard Enterprise and Aruba; Security from Watchguard and Alert Logic, data center class servers from Lenovo as well as cabling infrastructure.

ABOUT NORTH CAROLINA DEPARTMENT OF TRANSPORTATION

The N.C. Department of Transportation is one of North Carolina's largest state government agencies, with 12,000 employees. NCDOT works hard to provide high-quality transportation for travelers throughout North Carolina, including highways, rail, aviation, ferries, bicycle and pedestrian facilities, and public transit.
