HOUSTON, TEXAS – May 30, 2008 – It was announced that Procaps Laboratories of Las Vegas, Nevada has selected Enterprise Systems Corporation to perform upgrades to its voice communications and contact center systems. The Meridian 1 Option 61C will be upgraded to a Nortel Communications Server 1000 utilizing IP Telephony. Additionally, the Symposium Contact Center Server will be upgraded to Contact Center 6.0. The Telstrat CallParrot will be upgraded to current as well.

ABOUT ENTERPRISE SYSTEMS CORPORATION

Houston, Texas Based Enterprise Systems Corporation services and supports Nortel voice and data solutions including CS1000, Meridian 1, Succession, CallPilot, Symposium, Contact Center, Meridian Mail, Norstar and BCM. Competencies include TDM circuit switched telephony, VoIP and wireless engineering and deployment.

ABOUT PROCAPS LABORATORIES

Andrew Lessman founded what was to become **ProCaps Laboratories** in 1979 - back in what some consider "the early days" of vitamin supplements. More than a quarter of a century later, it remains one of the few companies that actually manufactures the vitamins they distribute, and the only one in its class for uncompromising quality. ProCaps Laboratories is still owned by the man who founded it, and his commitment to quality has remained unchanged.
